

of limitations, stands here and turns around and says that these same people can handle it themselves and they shouldn't fall under this jurisdiction, let them do it locally. There is just no rational reason for this type of explanation. We are talking basically of unsafety and I believe in Senator Newell's amendment that it should apply to every city, village, and hamlet in the State of Nebraska. Senator Simon, I'm sorry.

SENATOR SIMON: Mr. President, members of the legislature. I'm a little surprised at Senator Schmit who I believe, last time I checked was the sponsor of LB220, which deals with litter would oppose me....you said that the amendment was ridiculous, didn't you? Not that I was ridiculous, that is what I thought. That the amendment was ridiculous. I think that is a little bit of an incongruity to be so strenuously opposed to litter but only under certain circumstances, if it is not his amendment then it is okay. Let me just reiterate to the body that under the current bill any city of 5,000 or more is covered by it right now, so this isn't an Omaha bill or just a Lincoln bill it is for any city of 5,000 or more Senator Nichol, so already there is that discrepancy. All I am saying is lets be uniform, lets be consistant. Is this body in favor of litter?

PRESIDENT: You have one minute.

SENATOR SIMON: If this body is in favor of litter then I would suggest that you vote against this amendment and let everybody understand that you are and that you are not willing to pay the cost. But, the fact that it is going to cost money to wipe out rats, Senator Schmit, the fact that it is going to cost money to wipe out bacteria, and other types of things to me is a very poor argument. If a dump is bad in the City of Omaha if a dump is bad in Bellevue, if a dump is bad in any city that is 5,000 or more then it stinks just as much, it smells just as bad and it has got just as many rodents on a proportionate basis, on a proportionate basis as it does in any other city. So, it seems to me that if we are going to be uniform about it we should adopt this amendment.

PRESIDENT: The question is the adoption of Senator Simon's amendment to LB 182. Record your vote. Record.

CLERK: 8 ayes, 20 nays.

PRESIDENT: The motion fails.

CLERK: There are no further amendments on the bill Mr. President.

PRESIDENT: Senator Goodrich moves to raise the Call. Record your vote on that. Record.

CLERK: 19 ayes, 4 nays.

PRESIDENT: Alright, the Call is raised. Senator Cullan.

SENATOR CULLAN: Mr. President, members of the Legislature, I move that LB 182 as amended be advanced to E & R for Engrossing.

PRESIDENT: You heard the motion. All in favor say aye, contrary say nay. The ayes have it the bill is advanced.
